

Our Company

www.tcisoftware.com

TCI Software, Inc. is a software as a service (SaaS) company. We provide state-of-the-art, cloud-based computer system programming services. Located within the Research Triangle Region of North Carolina, the Company has access to all the technical resources required to fulfill the rapidly changing transformation of government 'legacy' systems to modern, scalable and interoperable programs.

Core Competencies

- ❖ TCI Software, Inc. offers cloud-based computer system design services (NAICS 541512). Our services include:
 - Cloud based, flexible programming customized to local requirements
 - Dedicated programming teams working in:
 - C#, HTML5, Javascript, JQuery, ASP.net MVC, Microsoft SQL Azure
- ❖ TCI also owns a cloud-based, online survey platform that enables users to track, measure, and report on customer experience and quality of services. In a VA setting, this would include daily management of Veteran wait times.

Past Performance

- ❖ **Technology** - "Rounds enables healthcare executives who are engaged in adapting to new reforms to assess and respond to staff and patient engagement scores close in time and space to the opportunity to make a difference."
--Dr. John W. Kenagy, Physician, Longview, WA
- ❖ **Product Feature Benefits** - "Rounds software saves our staff countless hours that were previously spent on patient survey development, processing and tabulating results and report writing, and by including the devices in the program as a package, there is nothing extra to buy."
-- Karen Webb, Clinic Education, Goldsboro, NC
- ❖ **Customer Service** - "TCI's customer service support is second to none. It is important in the technology space to have a responsive, accessible partner."
-- Chris Vaughn, Executive Director, Albermarle, NC

Key Differentiators

- ❖ Dynamic programming provides flexibility and local customization compared to other 'hardwired' programs and solutions.
- ❖ Our program enables internal systems to, "talk to each other."
- ❖ The Rounds® healthcare platform includes an exclusive built-in ROI Calculator™ that can be used to combine operational and financial data into one report.
- ❖ All users have their own personal dashboard with 24/7 updates.

Pertinent Codes

- ❖ **Federal Certifications:**
 - Veteran Owned Small Business
 - DoD Contractor
- ❖ **NAICS Code:**
 - 541512, 511210, 518210, 611420
- ❖ **CAGE Code:**
 - 7JJC2
- ❖ **DUNS Number:**
 - 031673898
- ❖ **FSC Code:**
 - 7030
- ❖ **PSC Code:**
 - D305, D306, D307, D308
