athenahealth recognizes TCI Software for its Diversity and Inclusiveness Initiatives

Southern Pines, NC January 5, 2023— athenahealth has added TCI Software, Inc. to its list of marketing partners that have demonstrated exceptional commitment to diversity and inclusiveness programs.

"We are very happy that our partners at athenahealth share our vision that healthcare should be affordable and equally available to anyone who needs it," says Tim Maroney, TCI President and CEO.

TCI's Rounds® software has been used in over 100 clinics in 23 states that serve underinsured and uninsured patient populations and whose households fall below Federal poverty guidelines.

"Our customers' patients have significant barriers to healthcare when it comes to access and cost," Maroney says. "We work with clinics and hospitals to give patients a voice in their care and, in a post pandemic world, faciltate communications with patients whose healthcare needs have changed."

athenahealth highlights selected marketing partners in its MarketPlace program with exclusive badge designations on websites and in programs that encourage athenahealth customers to utilize partner services. TCI was a also designated as an athenahealth preferred vendor in 2022.
